

# 5 Simple Steps for Generating 1QR

## 2 Open BarcodePlus

Click "GTIN" >>  
"Register new product"

## 4 Download QR code

Right-click on the QR code  
and save it after submitting  
your data in Step 3.

## 1 Log in Member Portal

Log in Member Portal:  
<https://memberportal.gs1hk.org>

If you forget your account  
information, please ask Membership  
Department for the "Request for  
Retrieving Password Form".

## 3 Product Data Input

- ✓ Product Name ✓ Global Product Classification
- ✓ Brand Name ✓ Product Net Content
- ✓ Product Country of Origin ✓ Product Image

## 5 Product Packaging & Printing

The standard size for printing QR  
code is 1.5cm x 1.5cm. It is  
recommended to print on a white  
background with black colour.  
Please pre-test by your mobile  
phone before printing.
